A powerful historical novel about one footballer's experience in the First World War. It's 1914 and Jack is making his debut as a professional footballer. But the match is marred by a demonstration demanding that the players sign up to do their duty in France. It is not long before Jack is bound for the trenches with the Footballers' Battalion.

Testimonials

"Over the Line is a stunning look at the life of a real footballer who fought in the First World War as a member of the Footballers' Battalion and was the first of the modern professional footballers. It's not exclusively for those with dyslexia but it's as good as a book gets if you do suffer." **Bookbag**

"I have been downloading Tom's fantastic episodic story from the Literacy Trust website. I just wanted to drop him a line to tell him how brilliantly his story is going down at our school. Every morning I have children, particularly the boys, running up to me to check that I have downloaded and printed out the latest chapter of the story. The feedback from all the teachers is really positive, they tell me that it has really captured the boys imaginations and is encouraging them to read too!" **Lucy Bakewell, SLA School Librarian of the Year**

"I feel the moral aspects will help us deal with the various issues than can occur with young boys as they settle into secondary education." **Pennaeth Cynorthwyol / Assistant Headteacher, Ysgol Rhiwabon**

"A gripping story which draws on both the horrors of WW1 and the power of football." **Mumsnet**

"As a parent, I just wanted to say thanks for the [Football Academy](#) series. My 10 year old son had never read a whole book from start to finish until he discovered Boys United. He rattled through that so I bought Striking Out two days ago and he's nearly finished it already. Roll on the rest of the series!" **Sarah**
