

Hi!  
I'm Rocky Race.  
I'm going to show you  
how you can draw me.

Lisa Henke - Heph  
@LisaHepho

I was asked if I could give some tips on drawing @royoftherovers little sister, Rocky, for art week in school because the class are enjoying the World Cup story by @tompalmerauthor so much <3

# Draw Rocky Race with Lisa Henke

I have a round face.

← These ovals will become my ears.

↖ A little triangle is my chin!

First: Some guide lines. Draw them lightly so you can erase them later.

My inner ears look like turned around "R"s.

With this cross you can draw my features.

I'm the Queen of half circles, really.

With this cross you can draw my features.

← Don't worry if a line breaks. That's charming!

← I've got blue eyes.

And the last half circle:  
MY BANGS!  
Right above my eyebrows.

stray hairs!

That's it,  
the cuter  
Time for  
EDGES

Long, spikey  
bangs!

And the ponytail,  
always square  
and off-centre!

NOW:  
Erase your  
guidelines!

Little details like  
← stray brow hairs and  
mouth corners bring  
the expression to life.

**Now you have a try ...**

**Well done!**

**Rocky says, "just  
like playing  
football, with  
drawing practice  
makes perfect!"**

*This is me!*
