I was asked if I could give some tips on drawing [@royoftherovers](#) little sister, Rocky, for art week in school because the class are enjoying the World Cup story by [@tompalmerauthor](#) so much <3

First: Some guide lines.  
Draw them lightly so you can  
erase them later.

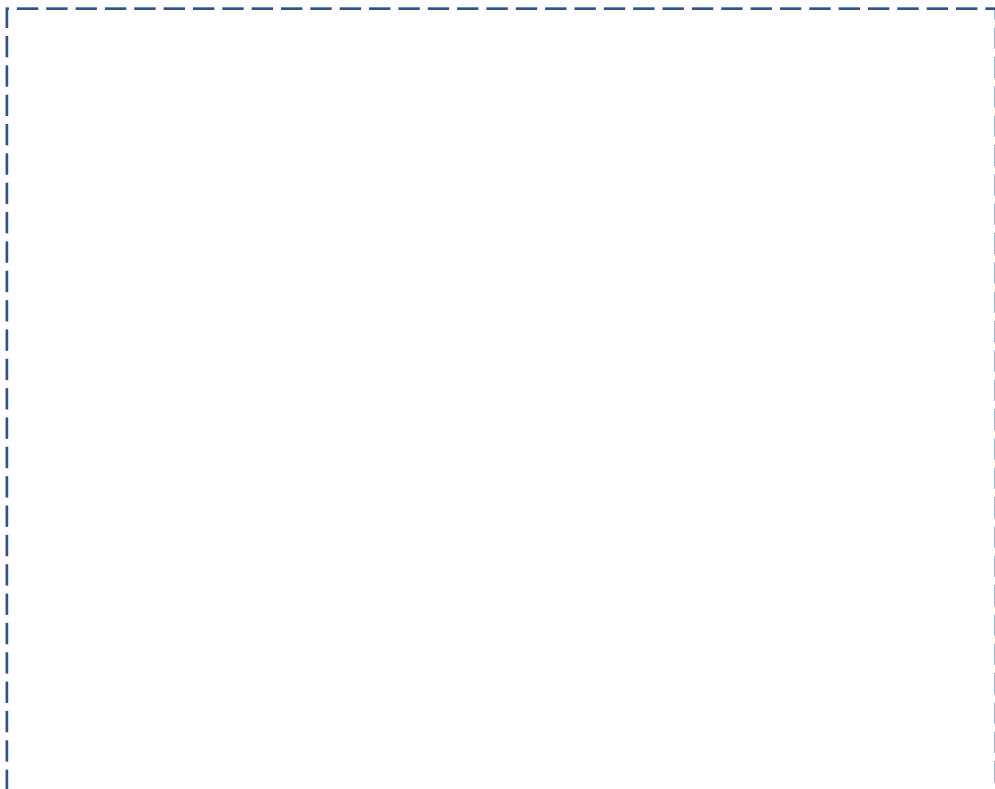

I have a round face.

← These ovals  
will become  
my ears.

↖  
A little  
triangle  
is my chin!

**Now you have a try ...**

I have a round face.

My inner  
ears look  
like turned  
around  
"R"s.

← These ovals  
will become  
my ears.

↖  
A little  
triangle  
is my chin!

**Now you have a try ...**

With this cross you can draw my features.

I'm the Queen of half circles, really.

**Now you have a try ...**

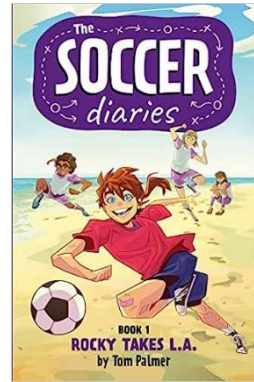

**Well done!**

**Rocky says, "just like playing  
football, practice makes perfect ..."**

Sharp-shooter Rocky is testing her brother Roy's goal-keeping skills. Can you add a crowd or maybe some more players and colour them all in?
